

## WOMENFOLK

Womenfolk (7x) Women  
The first man created was Adam  
Then Eve from his rib was designed  
Since then man's made woman his backbone  
All over the world you'll find  
Womenfolk, womenfolk tending the sows  
Womenfolk, womenfolk milking the cows  
Womenfolk, womenfolk pushing the ploughs  
Womenfolk, womenfolk, women

For woman is meant to be courted  
So gallantly on bended knee  
But after the courting is over  
In every man's home you'll see  
Womenfolk, womenfolk down on all fours  
Womenfolk, womenfolk scrubbing his floors  
Womenfolk, womenfolk doing the chores  
Womenfolk, womenfolk, women

At night she is meant to be tender  
Not think with her head but her heart  
But if she won't think of tomorrow  
A new day will never start  
Womenfolk, womenfolk soft are your charms  
Womenfolk, womenfolk strong are his arms  
Womenfolk, womenfolk set the alarm  
Womenfolk, womenfolk, women

Since Eve was created from Adam  
The bearers of life have been we  
And we in creating all mankind  
Create our own misery  
Womenfolk, womenfolk mothers of sons  
Womenfolk, womenfolk careless from swanz  
Womenfolk, womenfolk our lives they run  
Womenfolk, womenfolk  
What have we done
