

HOORAY !

© Text: Walt Bender

The wind is blowing from the sea
As I'm walkin' down this road
The taste of the seagull trop is in the air
And the dogs and the kids run everywhere

Chorus

**Hooray, hooray! I'm on my way
I am ridin' far away from home
It's a big bang party all over the world
When the girls are singin' "Blow, boys blow!"**

I'm drinkin' in that lousy seaside bar
And I dream of the foreign lands
I stare at the legs of the girls at the bar
But me mind is somewhere in the far

Chorus

I wake up in the morning by the whistle blows
And the clock says time to go
I have to drink a beer to clear up me mind
And I leave my dreams behind

Chorus
